DESIGN YOUR BRAND

Environmental signage provides orientation and ambiance in the retail or workspace. These elements also act as a signature for the company's identity, as an extension of the brand, and set the tone for the space. Effective environmental signage compliments the space, but does not overwhelm the surroundings. We can ensure the right balance between signage and the integrity of the environment.

Graphic panels are an eye-catching way to create a branded environment to tell the story of your organization. They are a perfect way to display corporate logos, mission and vision statements and other important messages throughout the office. Use these graphics as artwork to enhance your decor, display images that tell a story and help brand your space. Spice them up with frosted or clear acrylic panel, full-color graphics on the panels, or cut vinyl lettering and logos on the panels; even mounted with aluminum stand-offs.

Features:

- Reinforced banner or mesh options
- Adhesive vinyls to look like paint
- Installation to almost any surface
- Short term or long term applications
- Any size available

EXTERNAL & PRIVACY WINDOW FILM

**CAPITAL
WRAPS** INC

EXTERNAL WINDOW GRAPHICS

Window graphics are ideal for creating a powerful first impression. These graphics are a great option for corporate and retail interior and exterior. Full-color graphics on windows, either solid opaque or see-through film that enables people to see out from the inside. Choose from frosted or image window graphics, window perf, and window clings that are single or double sided images.

INTERNAL WINDOW GRAPHICS AND PRIVACY FILM

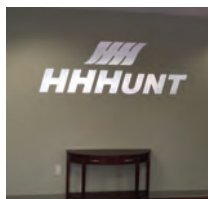

A frosted window decal can provide privacy for conference rooms, offices and reception areas. We use frosted material and direct print onto optically clear film to create our own frost to let in the right amount of light for the client's space. Digital printing lets us incorporate a map, logo, words, or even a picture into the space. We can also cut the film to allow for even more creativity.

CORPORATE INTERIOR SIGNAGE

Incorporating elements of your brand—logos, representative artwork, a cohesive company color scheme sets the tone of your corporate or retail environment. Emphasize your brand with dimensional graphics and consistent branding.

RETAIL ENVIRONMENTAL SIGNAGE

Environmental signage provides orientation and ambiance in the retail or workspace. These elements also act as a signature for the company's identity, as an extension of the brand, and set the tone for the space. Effective environmental signs complements the space, but does not overwhelm the surroundings. We can ensure the right balance between signage and the integrity of the environment.

Dimensional Letters, Acrylic Signs, Plaques Banners, Wall Murals & Floor Graphics, are some tools for setting the space.
