CONSTRUCTION GRAPHICS

CREATIVITY IN MOTION DESIGNING FORWARD

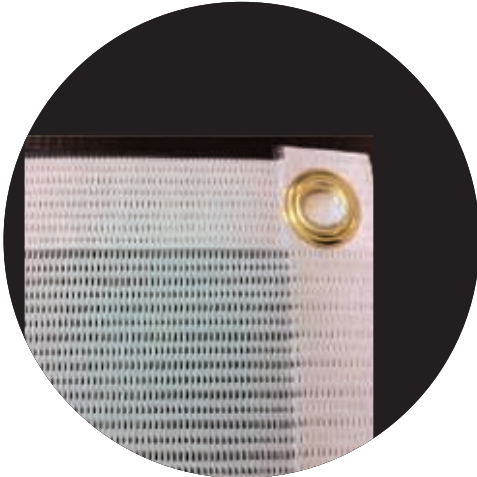

CWI offers a construction fence mesh graphics at an affordable price. Manufactured with 4 color printer our mesh fabric results in vibrant colors and long life expectancy; printed mesh design can be images, graphics, solid colors or renderings Custom sizing allows for matching different fence heights and lengths; manufactured to 50' lengths for long runs.

Features:

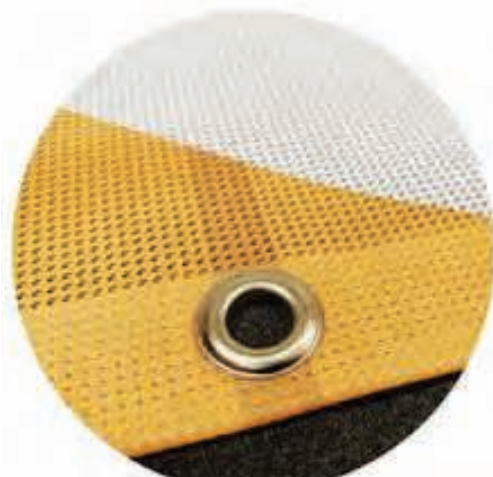

- Printed edge-to-edge image
- 380 GSM Coated Mesh Material
- 17%-34% blow through for long life
- Heat welded hems for clean product
- Reinforced webbing for hems available
- Grommets every 24 in
Triple grommeted corners

We recommend height of graphics 2 to 3 inches off top if there is a top wire on the fence and 4-6 inches off the bottom to allow for grass clearing and weed abatement without damaging the mesh. Therefore a 6' fence would have a 63" high panel and an 8' fence would have a 88" high panel.
